

Longford will be...

Exploring the future

We can't get to see what Longford will look like in the future, not without a different kind of time machine, but we can help to make it the way we would like it to be.

- Can we help to make it a tidier town or a friendlier town?
- Can we talk to people about what they would like to see in Longford?
- Can we identify the special features in Longford we would like to keep?

What would you like to see in your ideal Longford?

The students from both schools imagined what they would like but they also asked family and friends.

What do you think Longford town needs to make it a more exciting place?

My mother would like a tidy town
 My sister would like lots of clothes shops
 I would like a language school where I could learn Chinese.

Name Hing Yan
