

Snowman Adventures

IT WOULD HELP TO HAVE A COPY OF "THE SNOWMAN" BY RAYMOND BRIGGS AVAILABLE, IF POSSIBLE.

Snow is beautiful when it falls but it can get very cold and wet.

Have you ever made a really BIG snowman? It takes some time and very wet gloves.

Of course you don't have to build a snowman. You could make a snow woman, a snow cat, a snow robot, even a snow giraffe if you tried hard enough and had enough snow.

I have always liked the story "The Snowman" where a snowman comes to life and explores the house with the little boy.

But I know you are all good story makers. I wonder how YOU would tell a story about a snow person (or animal) who comes to life.

It would make a good story.

Enjoy Scribing.

Snowman Adventures

You might have read a story about a snowman who came to life. There is a film about The Snowman as well. In the story, a boy builds a snowman that comes to life. The snowman is very funny and he takes the boy to meet Santa.

The snowman and the boy have lots of adventures together.

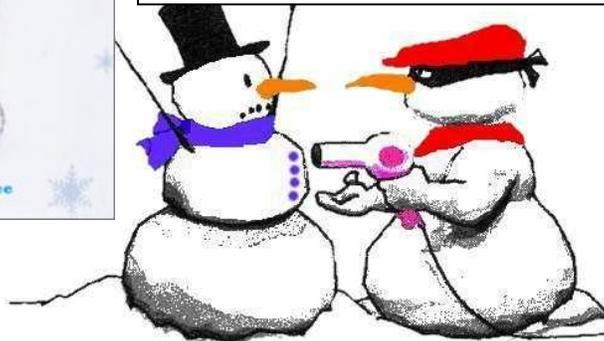

Story ideas

Have you ever built a big snowman like this one?

We don't get a lot of snow in Ireland but sometimes there is enough to build good snowmen.

Could you design a *really* unusual snowman?

Questions for scribes

- What was the weather like?
- What colour was the sky when it began to snow?
- What did the snowflakes look like?
- How did the snow look like on the ground?
- How deep was the snow? What did it remind you of?
- How did you plan to build your snowman?
- Why was it going to be different?
- What was special about it?
- How did you build it?
- What did it look like?
- THEN what happened?
- Tell an adventure you had with your special snowman.
